COMPLIANCE AND DECLARATIONS

GDPR Compliance

GDPR compliance: The General Data Protection Regulation (2016/679/EU) guarantee that the processing of data is carried out in compliance with the fundamental rights and freedoms, as well as the dignity of the data subject with particular reference to confidentiality, personal identity and the right to data protection. By applying, the applicant agrees on the storage and use of its personal data for the execution of the EuroBoosTEX objectives and work plan.

The processing of data that EuroBoosTEX intends to carry out will be based on lawfulness and correctness in the full protection of its rights and its confidentiality pursuant to the general principles of the GDPR and its art.24. Therefore, the competitors are informed of the procedure that the data provided by the applicants will be treated exclusively with reference to the procedure for which they submitted the documentation.

Data controller: ATEVAL
Address: Pol. Ind. El Pla. - Carrer dels Telers, 20, 46870 Ontinyent (València), Spain
VAT number: G-46108569
Contact details: julia@ateval.com

Data we process: The EuroBoosTEX consortium will be processing mainly data coming from:

- Representatives and contact person from the applicants to the EuroBoosTEX Call for proposals.
- Representatives and contact person from the partners of the EuroBoosTEX Consortium
- As part of carrying out the projects, the partners and the applicants transfer personal data to EuroBoosTEX consortium, making it possible to identify and contact (first & last name, function, business e-mail address, message, consent) their employees due to their job titles or third-parties involved in the project, such as experts. In this case, the partner remains responsible for supplying the legal information to the people involved in the processing operations prior to or when the data are collected.
- Information about successful EuroBoosTEX grant applications that will be made publicly available before the end of the project containing: project title, name of project partner and short project description (as provided by the applicant in the application template).
- Information about successful EuroBoosTEX grant types that will be made publicly available after the end of the project: project title, name of project partner, awarded funding and updated short project description (as provided by the project partner in the Final Report).

Purpose of the processing: The purpose of processing partners and applicant's data is:

- To run an open call and collect data necessary to evaluate applications and financing the projects.
- To manage this application form and the consequent project selection process

- To compile files on members of the consortium, partners and people likely to contribute to the projects due to their job titles or expertise.
- Communication on the projects.
- Sending a newsletter and information about events related to the projects.
- Compiling statistics related to the projects.

Lawfulness:

(a) **Legal basis for the applicants processing of personal data**: The legal basis for this processing is the performance of selections of projects for the financing (art. 6.1, 'b', GDPR).

(b) **Legal basis for other processing of personal data**: informed consent (art. 6.1. 'a' GDPR).

Recipients:
Third-party intervention:

EuroBoosTEX, while conducting its undertakings, may authorize third parties (as defined in number 10 of article 4 of the GDPR) to process personal data which are under EuroBoosTEX´s domain, in order to comply with legal duties, pre-contractual or contractual obligations and/or as indispensable means of performance of EuroBoosTEX´s statutory goals. Said third parties can be public authorities, namely in charge of auditing tasks, project, activity or service partners.

In order to comply with the GDPR requisites, EuroBoosTEX shall require the previous and mandatory consent to the data subject for this specific processing.

Processor intervention:

EuroBoosTEX, while conducting its undertakings, may subcontract third entities (as defined in number 8 of article 4 of the GDPR) to process personal data on EuroBoosTEX´s behalf. In order to comply with the GDPR requisites, EuroBoosTEX shall require the previous and mandatory consent to the data subject for this specific processing.

Period of data storage: Personal data will be stored for the period defined by legal rules or, in their absence, for the strict time needed for the fulfilment of the processing purpose, taking in consideration the legal basis for said processing, as well as all the remaining requisites and time periods determined by law, namely the lapse terms for legal actions based on the correlated rights.

Accordingly, in all cases where a mandatory storage period is determined by law, the right to erasure of personal data as stated in Article 17 of the GDPR can only be exercised by the data subject after said period is lapsed.

EuroBoosTEX shall store the personal data for the strict period of time needed for the fulfilment of the data processing purpose, as well as its erasure (or anonymization, if and when applicable/needed) immediately after said period and/or upon the data subject´s request, always considering the above-cited exceptions and all legally defined terms.

Rights: The applicants can exercise their rights towards the data controller, based on article 12 of the GDPR. For any inquiries regarding the processing your personal data, please contact julia@ateval.com.

Applications selection and evaluation will be performed under the appropriate ethical conduct and will respect the confidentiality of the information received.

Intellectual Property

All rights, title, and interest in and to the intellectual property created or owned in any form or manner by EuroBoosTEX's partners, shall remain vested in them. For this purpose, any such IP shall include intellectual property related to:

-Patents, patent applications and patent rights (including without limitation any and all applicable assignments of patents or patent applications, continuations, continuations in-part, divisions, patents of addition, renewals, extensions, foreign counterparts, utility models, re-examinations, and applications for reissuance of patents);

- Copyrights and applications, registrations, recordings and renewals in connection therewith.

-Trade secrets and confidential technical information (including without limitation research and development, know-how, formulae, compositions, processes and techniques, technical data, designs and drawings);

-All manuals, books, documents and specifications directly or indirectly related there to.

-Licenses, agreements and permissions granted to any third parties over the IP.

The ownership of the IP rights arising from the development of a project, within the scope of this program, shall belong to the corresponding SME/consortium, as referred in the signed consortium agreement.

The following aspects will be considered in the agreement:

-Results are owned by the party that generates them, unless otherwise agreed.

Where several Parties have jointly carried out work generating Results and it is not possible to separate such joint invention, design or work for the purpose of applying for, obtaining and/or maintaining and/or owning the relevant patent protection or any other intellectual property right, the Parties shall have joint ownership of such Results.

These Parties must negotiate and agree on a separate written joint ownership agreement among the Parties concerned regarding the allocation and terms of exercising that joint ownership of such jointly owned Results, within six (6) months as from the date of the creation of such joint Results.

In absence of such agreement or in case the Parties fail to agree within six (6) months as of the creation of such joint Results to agree on a separate written joint ownership agreement:

-Each of the joint owners shall be entitled to use their jointly owned results for non-commercial research activities on a royalty-free basis, and without requiring the prior consent of the other joint owner(s).

-Each of join owners shall be entitled to otherwise exploit the jointly owned results and to grant non-exclusive licenses to third parties (without any right to sub-license), if the other joint owners are given:
-At least 45 calendar days' advance notice
-Fair and reasonable compensation

The applicants are advised to include to their internal consortium agreement Intellectual Property Rights issues and the **use and dissemination** of the results generated by the project teams through the funding obtained via EuroBoosTEX grant scheme. For details on rights and obligations related to results, the project teams can refer to Chapter 4/ Section 3 of the https://ec.europa.eu/research/participants/data/ref/h2020/grants_manual/amga/h2020-amga_en.pdf .

For dissemination and use of results generated through the financial support from EuroBoosTEX, the recipients **must credit the EuroBoosTEX project** through proper citation and appearance of the EuroBoosTEX logo and EU Logo, including the proper citation "This project has received funding from the European Union's through the Single Market Program project under grant agreement No. 101074671 - EuroBoosTEX".
